## CAREER OBJECTIVE

Seeking an entry-level software engineering role to apply foundational programming skills in Frontend Technology, and theoretical knowledge in software development for contributing to innovative projects.

## EDUCATION

Bachelor of Technology St Martins Engineering College	June 2019 – July 2023 CGPA: 7.6
Board of intermediate Education Narayana Junior College	August 2017 – May 2019 Percentage: 94.5
Board of SSC Education St. Don Bosco High School	August 2016 – May 2017 CGPA: 9.2

## TECHNICAL SKILLS

- **Front-End:** HTML, CSS, JavaScript, React.js
- **Back-End:** Nodejs
- **Database Knowledge:** Mongo DB
- **Version Control:** Git/GitHub

## INTERSHIPS

Bharath Intern (Web Development)	NOV 2023 – DEC 2023
Mak Arena Solutions Pvt Limited (Front-End Development)	JAN 2024 – MAY 2024

- Launched a groundbreaking Web Development and Internship Program, providing hands-on experience in web development.
- Exceeded the initial target by enrolling interns within the first month, showcasing effective recruitment and promotional strategies.
- Developed a comprehensive curriculum covering the latest Frontend development technologies, achieving a 90% participant satisfaction rate through continuous improvement.
- Implemented Agile Methodologies for Project Execution, resulting in an increase in project completion efficiency. Utilized Scrum frameworks to reduce project.
- Facilitated Cross-functional Collaboration by orchestrating interdisciplinary collaboration between design, development, and marketing teams.
- Improved project synergy by 30%, measured through reduced communication gaps and increased cross-functional understanding.

## PROJECTS

### MERN Stack Web Application

- Spearheaded the development of an innovative MERN Stack Web Project, showcasing mastery in MongoDB, Express.js, React.js, and Node.js to craft a compelling and dynamic application.
- Engineered the app's foundation with Express.js and Node.js, and designed a visually captivating front-end. Ensured dynamic functionality and a responsive user experience.
- Integrated MongoDB seamlessly, enabling the app to manage real-time data storage and retrieval, providing users with accurate and up-to-date information across diverse devices.

### React Food Website

- Built a responsive React food website with Tailwind CSS, enabling dynamic food filtering. Created a visually appealing interface, ensuring seamless user experience across all devices

## CERTIFICATIONS & ACHIVEMENTS

- Certified in Front-End Technologies
  - Streamlined processes, contributing to the overall success.
- Great Learning Platform
